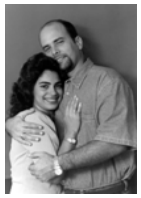
CUBA SOLIDARITY CAMPAIGN

It's been more than 8 years since they last embraced.



FREE THE MIAMI 5

The Miami Five are René González, Antonio Guerrero, Gerardo Hernández, Fernando González and Ramon Labanino, five Cubans unjustly imprisoned in US jails since 1998 for fighting terrorist attacks against their country. For more information go to: www.cuba-solidarity.org.uk

The Cuba Solidarity Campaign has joined an international drive to secure visiting rights for the families of the Miami Five. For more than eight years, the US government has repeatedly denied visiting visas to Olga Salanueva and Adriana Pérez, wives of prisoners René Gonzalez and Gerardo Hernández. The United Nations, Amnesty International, UK MPs and Members of the European Parliament have raised their cases. Please add your support today.

We, the undersigned call for the immediate granting of entry visas to enable Olga Salanueva and Adriana Pérez to visit their husbands in US jails.
